

Residency and Enrolment queries

I am moving into North Fremantle at the beginning of the year. Can my child attend the college?

North Fremantle is in our [catchment area](#) and as such your child will have the right to attend the college as a local student.

You will be asked to provide evidence of residency such as tenancy agreement or land/water rates.

Local enrolment cannot be considered without current proof of residency.

I am moving into North Fremantle in three weeks. Can I have an enrolment pack for my child now?

Please contact the college to request enrolment information on 9435 0755. We will mail you out an application form however we cannot enrol your child without proof of residence. Once you have arrived and settled into your new residence and can provide three pieces of evidence such as driver's license, tenancy agreement, power or phone bills then we can arrange enrolment.
