

Public School Review 2021

Congratulations to our students, staff members and community for an outstanding school review.

All Western Australian public schools are reviewed by the Department of Education's Public School Accountability directorate.

The review is conducted on a three- year cycle, following reviews are determined to occur on a one, three or five-year timeframe.

A review provides assurance to the local community, the Minister for Education and Training and the Director General that a school is operating effectively and delivering high quality education to its students. The review acknowledges the achievements of the school and gives feedback to support the Principal and staff with their improvement planning.

The Principal provides the review team with a self-assessment of the school's performance based on evidence gathered by the Principal and staff.

Information validated by the review team is considered before and during the school visit. This forms the basis for the school review report.

We are proud to mention in the recent (April 2021) Public School Review of John Curtin College of the Arts, we received the highest commendation from the Deputy Director General, Melesha Sands stating "...The commitment you and your staff have for the 'whole child' is commendable. Further, the priority placed on wellbeing whilst still maintaining high levels of academic excellence guided through creativity, has created conditions in which your students are thriving".

We thank our community, staff members and students for their involvement in developing John Curtin College of the Arts into the wonderful school that it is today.

Please read the Public School Review attached below.
